## Introduction

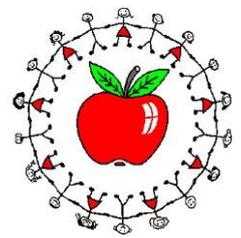

Orchard Primary is an inclusive school where focus on the well-being and progress of every child and where all members of our community are equal worth.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups.

We recognise that these duties reflect international human rights standards as expressed in the UN convention on the Rights of the child, the UN Convention on the Rights of people with Disabilities, and the Human Rights Act 1998.

## Our approach to equality is based on the following 7 key principles

- 1. All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious affiliation or faith background and whatever their sexual orientation.
- 2. We recognize, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages, which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
- 3. We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
- 4. We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
- 5. We observe good equalities practice for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development
- 6. We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential
- 7. We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

### **Purpose of the policy**

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.

Age and marriage and civil partnership are also “protected characteristics” but are not part of the school provisions related to pupils.

The Act requires all public organisations, including schools to comply with the Public Sector Equality Duty and two specific duties

### The **Public Sector Equality Duty** or “general duty”

This requires all public organisations, including schools to

- Eliminate unlawful discrimination, harassment and victimisation
- Advance equality of opportunity between different groups
- Foster good relations between different groups

### **Two “specific duties”**

This requires all public organisations, including schools to

1. Publish information to show compliance with the Equality Duty by April 6<sup>th</sup> 2012
2. Publish Equality objectives at least every 4 years which are specific and measurable by April 6<sup>th</sup> 2012

This policy describes how the school is meeting these statutory duties and is in line with national guidance. It includes information about how the school is complying with the Public Sector Equality Duty and also provides guidance to staff and outside visitors about our approach to promoting equality.

**Appendix 1** is a checklist of key equality considerations

**Appendix 2** shows the school’s Equality Objectives for 2013 – 2015 in an Equality Action Plan

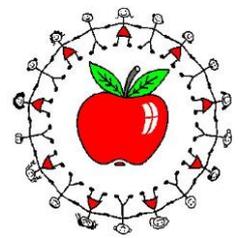

### **Development of the policy**

This policy was developed by the Equality Working Group in consultation with pupils, staff, governors and parents and carers of Camden Local Authority.

### **Links to other policies and documentation**

Although this policy is the key document for information about our approach to equalities in line with the Public Sector Equality Duty, we ensure that information about our responsibilities under the Equality Act are also included in our school development plan, self evaluation review, the school prospectus, school web site and newsletters.

There are also references in the behaviour, admissions, SEN and anti-bullying policies as well as minutes of meetings involving governors, the whole staff, and the senior leadership team and school council.

### **What we are doing to eliminate discrimination, harassment and victimisation**

- We take account of equality issues in relation to admissions and exclusions; the way we provide education for our pupils and the way we provide access for pupils to facilities and services.
- We are aware of the Reasonable Adjustment duty for disabled pupils – designed to enhance access and participation to the level of non-disabled pupils and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- The Headteacher ensures that all appointment panels give due regard to this policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- We ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies, and in the review of existing ones.
- We take seriously the need to consider the equality implications when we develop, adapt and review any policy or procedure and whenever we make significant decisions about the day today life of the school. We make a record of each specific equality consideration and this is available for review if required.
- We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all.
- Our admission arrangements are fair and transparent, and we do not discriminate against pupils by treating them less favourably on the grounds of their sex, race, disability, religion or belief, sexual orientation, gender reassignment, pregnancy or maternity

### **Behaviour, Exclusions and Attendance**

The school policy on Behaviour – Rewards, Sanctions and Exclusions – take full account of the new duties under the Equality Act. We make reasonable, appropriate and flexible adjustment for pupils with a disability. We closely monitor data on exclusions and absence from school for evidence for over – representation of different groups and take action promptly to address concerns.

### **Addressing prejudice and prejudice based bullying**

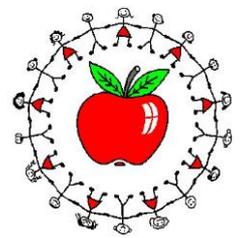

The school challenges all forms of prejudice and prejudice-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality:

- Prejudices around disability and special educational needs
- Prejudices around race, religion or belief, for example anti-Semitism and Islamophobia, Travellers, migrants, refugees and people seeking asylum
- Prejudices around gender and sexual orientation, including homophobic and transphobic attitudes

We keep a record of different prejudice-related incidents and provide a report to the governors about the numbers, types and seriousness of prejudice-related incidents at our school and how we dealt with them. We review this at each meeting and take action to reduce incidents

### **What are we doing to advance equality of opportunity between different groups**

- We know the needs of our school population very well and collect and analyse data in order to inform our planning and identify targets to achieve improvements.
- We have procedures, work in partnership with parents and carers, to identify children who have a disability through our pupils admissions meetings.
- We collect data and monitor progress and outcomes of different groups of pupils and use this data to support school improvement. We take action to close any gaps, for example for those making slow progress in acquiring age-appropriate literacy and number skills.
- We collect and analyse data:
  - on the school population by gender and ethnicity;
  - on the % of pupils identified as having a special educational need and/or disability and by their principal need or disability;
  - by year group – in terms of ethnicity, gender and proficiency in English;
  - on inequalities of outcome and participation, related to ethnicity, gender and disability and proficiency in English.

- The governors receive analysis of standards reached by different groups at the end of each key stage:
  - White British FSM and non-FSM
  - Bangladeshi
  - Black African
  - Black Caribbean
  - Free School Meals
  - EAL
  - All SEN
  - SEN School Action and SEN statement
  - SEN Statements
  - Looked After Children
  - Known GRT
  - Refugee
- We also collect, analyse and use data in relation to attendance and exclusions of different groups
- We are aware that the legislation relates mainly to current but also to future pupils – we will for example, be sufficiently prepared if a Visually impaired, Hearing impaired or Gypsy Roman Traveller pupil joins our school.
- We avoid language that runs the risk of placing a ceiling on any pupils' achievement or that seeks to define their potential as learners, such as "less able".
- We use a range of teaching strategies that ensures we meet the needs of all pupils
- We provide support to pupils at risk of underachieving
- We are alert and proactive about the potentially damaging impact or negative language in matters such as race, gender, disability and sexuality.

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between, for example:

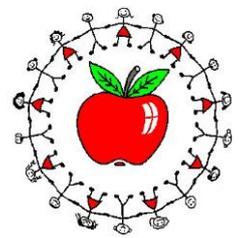

- disabled and non-disabled people
- people of different ethnic, cultural and religious backgrounds
- girls and boys
- We ensure equality of access for all pupils to a broad and balanced curriculum, removing barriers to participation where necessary.

### **Positive Action**

We will take positive and proportionate action to address the disadvantage faced by particular groups of pupils with particular protected characteristics, such as targeted support. The actions will be designed to meet the School's Equality Objectives.

### **What are we doing to foster good relations**

- We prepare our pupils for a life in a diverse society and ensure that there are activities across the curriculum that promotes the spiritual, moral, social and cultural development of our pupils.
- We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through PSHE and citizenship and across the curriculum.
- We use materials and resources that reflect the diversity of the school, population and local community in terms of race, gender, sexual identity and disability, avoiding stereotyping.
- We promote a whole school ethos and values that challenge prejudice based discriminatory language, attitudes and behaviour.
- We provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.
- We include the contribution of different cultures to world history and that promote positive images of people

- We provide opportunities for pupils to listen to a range of opinions and empathise with different experiences
- We promote positive messages about equality and diversity through displays, assemblies, visitors and whole school events

#### **Other ways we address equality issues**

- We maintain records of all training relating the Equalities
- Our monitoring records include evaluations of aspects of Equalities
- We keep minutes of meetings where equality issues are discussed
- We have a rolling programme for reviewing all of our school policies in relation to equalities and their impact on the progress, safety and well being of our pupils.
- The implications for equalities of new policies and practices and practices are considered before they are introduced

In order to ensure that the work we are doing on equalities meets the needs of the whole school community we:

- Review relevant feedback from parent questionnaires, parents' evening, parent-school forum and/or focus meetings or governors' parent-consultation meeting
- Secure and analyse responses from staff surveys, staff meetings and training events
- Review feedback and responses from the children and groups of children, from the school council, PSHE lessons, whole school surveys on children's attitudes to self and school;
- Analyse issues raised in Annual Reviews or reviews of progress on Individual Education Plans/Personalised Provision Maps, mentoring and support;
- Ensure that we secure responses and feedback at Governing Body meetings

#### **Publishing Equality Objectives (see Equality Action Plan/School Development Plan)**

The objectives that we identify represent our school's priorities and are the outcome of a careful review of and analysis of data and other evidence. They also take into account national and local priorities and issues.

We evaluate our success in meeting the Public Service Equality Duties by the extent to which we **achieve improved outcomes** for the different groups.

We produce an Equality Action Plan that shows how we will achieve our objectives. This is part of our school development plan.

We publish an evaluation of the success in meeting these objectives for parents and carers, on the school website.
